988 G.B.P. Self Etching Primer - Aerosol is ideal for spot/panel repairs where small bare metal areas are present. It increases both adhesion and corrosion protection on small sand throughs. 988 may be topcoated directly for quick and easy repairs.

988 can be applied over the following substrates:

- Steel
- Fiberglass
- Galvanized Steel
- Cured Body Filler
- Aluminum
- OEM Enamels
- OEM Lacquers
- Stainless Steel

Prices may be subject to change. Some items may not be available at all locations - alternate products may be available. Call your local store to verify price and availability.
